FIRE POKER**

## MULTI-USE DESIGN

The Breeo 304 Fire Poker is designed to pull, push, roll and adjust logs, grills, or any other item that's used in or around the fire. We built this for use with our smokeless fire pits and live fire cooking accessories, but it is at home around any fire for a variety of tasks.

## USE & CARE

It is normal for the tip of the fire poker to darken in color.

Clean stainless steel with bristle brush, water, and dish soap.

Leather hanging loop can be cleaned with saddle soap and treated with leather conditioner, store inside for longevity.

## WARNING

Hook on fire poker is sharp, use caution. Tip of fire poker is very hot after being in the fire, and can cause severe burns. Avoid touching sensitive surfaces with fire poker when the tip is hot.

Do not touch the fire poker when it is hot. Do not swing or throw fire poker. Keep out of the reach of children.
