USE & CARE

Wait until your fire pit is completely cool before putting the X Series Fire Pit Cover on. Pull the cover down over the sides of the fire pit as far as possible.

Ensure that the cord section of the cover is down around the rim of the fire pit.

Pull the drawstring cord tight around the bottom of the fire pit rim. Push on the cord lock to keep the cover secure around the fire pit.

Minimal care is required. Hand wash with mild soap and warm water.

WARNING

Do not cover your fire pit while hot.

To avoid any damage to your X Series Fire Pit Cover, we recommend waiting until your Breeo Fire Pit is completely cool and the fire is out before putting on the cover to avoid any melting or damage to the fabric.

The X Series Fire Pit Cover is designed for outdoor use only.
