## TAKE YOUR GRILLING OVER THE TOP

The Flat Top from Breco® is the perfect accessory to easily expand your live-fire cooking capabilities. Flat Top attaches to the X Series 42 fire pit in seconds while its grease drip notches and channels help keep the grease out and the food in. Smash, sizzle, sear, and grill to perfection on this high end carbon steel surface to deliver even heat no matter what you're cooking.

## FEATURES

**HEAT SHIELD:** Attachable heat shield creates a more comfortable grilling experience, blocking some of the heat from coming over the top and into your face.

**GREASE DRIP NOTCHES:** Convenient notches in the back corners of the Flat Top channel grease into the fire, preventing it from building up with the food if you don't want it to.

**CENTER OPENING:** Opening in back and center of the Flat Top allows you prevent a mess by easily moving crumbs and grease into the fire.

**ADJUSTABLE ANGLE:** Attach the Flat Top to the rim of your fire pit using the mounting grooves under the handles. With two mounting groove options, you can have control of the angle of the Flat Top to channel grease.

## USE FLAT TOP

### 1 ATTACH THE FLAT TOP

Hold the Flat Top by the carry handles and let the opposite side rest on the inside of the fire pit rim. Lower the outer handle side of the flat top until level with the rim and push inward. The lip of your fire pit will slide into the mounting grooves beneath the handles. Choose between the two mounting groove heights to control the angle of the Flat Top.

### 2 GET COOKIN'

Allow the Flat Top to heat for 5-10 minutes or until it reaches 450-500°F. Do not overheat the Flat Top. We recommend starting with a low flame and adding logs when more heat is needed.

### 3 REMOVE THE FLAT TOP

When you've finished cooking and are ready to remove the Flat Top, be sure to use heat resistant gloves as it will be very hot. Always avoid placing a hot Flat Top on heat sensitive surfaces.

## WARNING

Always practice safety first when using the Flat Top. While using the Flat Top, exercise the same precautions you would with any open fire. Never leave your Flat Top unattended, especially around children and pets.

**Remove the Flat Top immediately after the cook is complete.** If it is left on the heat for extended periods of time, it may cause the oil to burn off and rust the carbon steel. **After removing the Flat Top, do not place it on any combustible surfaces and keep it away from children and pets.**

## CARE FOR FLAT TOP

### 1 CLEAN THE FLAT TOP

After it's removed from the fire pit and still warm to touch. Use a paper towel or a flat-edged spatula to clean the griddle and scrape off any residue or grease.

### 2 OIL THE FLAT TOP

Massage a thin layer of food-grade oil into the metal with a clean paper towel. We recommend using Canola, Avocado, or Grapeseed Oil. Wipe any excess oil off, and the Flat Top is ready for the next burn. Please note that we oil the top of the Flat Top before we ship it. The bottom is left unoiled intentionally and may have some discoloration, which will not affect its performance.

### 3 LET IT COOL DOWN

Place the Flat Top on any non combustible surface to completely cool.

### 4 STORAGE

Store the Flat Top in a dry space until your next use.

## WARRANTY

Breeo, LLC warrants to the original purchaser that the Breeo Fire Pits and Accessories are free from workmanship and material defects during the lifetime of the original purchaser. In addition Breeo, LLC warrants no rust through or burn through for a period of five (5) years from purchase. If a product is covered by this limited warranty, Breeo, LLC, at its option, will repair or replace with a new product free of charge, excluding any applicable shipping and handling charges. If the product being warranted has been discontinued, the replacement product will be of equal or similar value. Altering any Breeo product, or using the product in any way other than the intended use, will void this Lifetime Warranty. Except as provided above, no warranty is offered on rust, paint or finishes due to being made with material with potential for corrosion. Steel products will develop a natural iron oxide patina over time.

Breeo, LLC's liability and obligation is limited to repair or replacement of the product, at their option. The purchaser must provide Breeo, LLC with photos of the product's defects for evaluation. Upon approval of warranty, Breeo, LLC will issue a return for repair, or return for exchange of the defective product.

This warranty does not cover damage or product failure caused by normal wear and tear, accident, misuse, negligence, tampering, modifications, act of war, overloading, improper attachment, improper maintenance, or failure to maintain. Breeo, LLC is held harmless for any injury or death caused by the misuse of this product. This warranty does not cover damage caused by proper or improper use of our products to any surrounding surfaces, structures, or furnishings. This includes, but is not limited to, discoloration or damage to a patio or deck surface, furniture, house, or any other structure.

This warranty gives you specific legal rights providing said product is put to its proper designated use.
